

SK MINERALS & ADDITIVES PVT. LTD.

Manufacturer & Exporter of Advance Additives, Nutrients & Chemicals

Customer-Centric & Cost-Effective Solutions of Complex Synthesis

We are among the
fastest-growing speciality
chemical company in India

Since 2010, SK Minerals has been operating steadily from Khanna, Ludhiana, Punjab as one of the top makers of feed and food-grade chemicals and minerals. A team of specialists is working around the clock to ensure that high-quality items are delivered.

Our organisation believes in the immense potential that chemistry holds in the efficient manner will lead to industrial growth which further leads a nation to wealth and prosperity.

Cut Edge Technologies

SKM revolutionize the animal nutrient market by introducing the new advanced technologies like:

1. Dairyfine-Buffer: Best pH buffer gives prolong pH buffering.
2. Dairyfine-ZC-Aminoway: Amino path mineral delivery system.
3. Dairyfine-DHA: Vegan Omega-3 fatty acid containing DHA and EPA.
4. Dairyfine-SELMET: Better and highly economical Selenium Methionate.
5. Dairyfine-SRN: Powder Slow Release Nitrogen (SRN) first time in the world.
6. Dairyfine-Prochlor: First India and world's third manufacturer of DCAD balancing system.

Our Facility

Our Production Plant is outfitted with cutting-edge technology such as Glass Pilot-Scale Chemical Synthesis, SS Chemical Reactors, Spray dryer, Multi effect evaporators, Steam tray dryers, Filtration & purification equipment, Steam & Thermic Fluid Boiler and much more.

Our Vision

SKM is committed to offering superior quality products and services to its customers. We are devoted to total customer satisfaction and continual improvement. We strive to provide premium value in every product that we manufacture while enhancing SKM's standing in the domestic and global market of specialist chemicals & biochemicals

Quality Assurance

We have a fully equipped lab to provide zero defect products with complete quality assurance. We have advanced analysis facility that includes an Atomic Absorption Spectrophotometer (AAS), Autotitrator, Moisture Analyzer, pH, Thin Layer Chromatography (TLC), NIR, FTIR, Microbiology lab, Particle Charge Analyser and Colorimetric to check the physical, chemical and other functional properties of the materials.

SK Minerals & Additives Pvt Ltd. is committed for Green & Sustainable chemistry for value added products

Our Manufacturing Products

- ◆ DAIRYFINE pH BUFFER
- ◆ BAKEFRESH-CP
(CALCIUM PROPIONATE)
- ◆ DAIRYFINE-SRN
(SLOW RELEASE NITROGEN)
- ◆ DAIRYFINE-PROCHLOR
(DCAD BALANCING)
- ◆ DAIRYFINE DHA
(OMEGA 3)
- ◆ DAIRYFINE-SELMET
(SELENIUM METHIONATE)
- ◆ DAIRYFINE-ZC AMINOWAY
- ◆ ZINC /COPPER BIS GLYCINATE

Execution is our Passion

SK MINERALS & ADDITIVES PVT. LTD.

SK Minerals is one of the leading speciality company based on our commitment to honesty and ethical business practices.
