The December-ended quarter has delivered not just expansion, but profound transformation for us. Achieving a revenue from operations of **Rs.191.02 Crore** in first nine months of FY26 marks. it's a proof of deep confidence of our clients with us and the relentless drive of our team to exceed expectations.

At SK Minerals & Additives Limited, we prioritize real value over mere figures. In this pivotal time for industrial progress, our trajectory is paving the way for enduring sustainability.

On 04th November, 2025, the Company has pioneered feat in its product development & became the first manufacturer in India to develop synthetic based Helogen free flame retardant technology backed by inhouse research and development. With this new product, the company aims to tap at the import substitution opportunity in both India and other south-Asian markets.

"Looking ahead, SK Minerals & Additives Limited remains focused on expanding its portfolio of specialty chemicals and minerals, enhancing automation and efficiency across its manufacturing lines, and investing in next-generation additive technology and integrated industrial solutions.

This is for your information and records.

Thanking you,

**Yours faithfully,
For SK Minerals and Additives Limited**
